## Unveiling Seoulful Eats, A New Culinary Journey

Thanks to the ever-growing popularity of K-content, interest in Korean culture is higher than ever today. With this craze, Filipinos no longer consider Korean food unfamiliar. A new player from JustKitchen emerged on the Korean Food scene, promising to redefine our taste buds and introduce a fresh perspective on traditional favorites.

## New Eats

One of the standout offerings of Seoulful Eats, is its Bibimbap category. This beloved Korean bowl incorporates steamed white rice with assorted fresh, sautéed vegetables along with a choice of meat that you can choose from our menu like beef, mandu, Korean spam, etc.

But Seoulful Eats doesn't stop at Bibimbap bowls. Our menu boasts an array of popular Korean side dishes such as cheesy tteokbokki, odeng and other Korean favorites.

- Korean food enthusiasts from Metro Manila can savor the flavors of Seoulful Eats from the comfort of their homes when they order through the following platforms:
